Lenovo's Progress on Restriction of Hazardous Substances (RoHS)

Lenovo is committed to compliance with all applicable laws and regulations in the markets in which we do business.

- New Lenovo products sold in the European Union, European Union Free Trade Association (EFTA) states and Japan, on or after July 1, 2006, meet the requirements of the European Union Directive 2002/95/EC
- New Lenovo products sold in Japan, on or after July 1, 2006, meet the requirements of Japanese Industrial Standard JIS C 0950 (J-Moss, "Japan RoHS")
- Lenovo products manufactured on or after January 1, 2007, that are sold in California meet the requirements of California's Electronic Waste Recycling Act of 2003 ("California RoHS")
- Lenovo products manufactured on or after March 1, 2007, that are sold in the People's Republic of China, meet the requirements of the Management Methods for Control of Pollution from Electronic Information Products ("China RoHS")
- Lenovo ThinkPad notebooks, 3000 Family notebooks, Consumer notebooks; ThinkCentre desktops, 3000 Family desktops, Consumer desktops; ThinkStation workstations; Servers; Printers; ThinkAccessories; Options and Mobile Communications products manufactured on or after January 1, 2008 for Korea meet the requirements of the Korean legislation, The Act for Resource Recycling of Electrical and Electronic Equipment and Vehicles ("Korea RoHS")

Lenovo has qualified the majority of its new products in accordance with the European Union Directive 2002/95/EC ("RoHS") and is phasing in European Union RoHS requirements for new products on a global basis.
